PROFESSIONAL SUMMARY

Agriculture graduate (M.Sc. Botany) specializing in end-to-end hydroponic and urban farming project delivery — from lead generation and system design through installation, execution, and after-sales agronomic support. Skilled in project planning, budgeting, team coordination, and client advisory, with a proven B2B/HORECA sales foundation across India. Proficient in Zoho CRM, Zoho Books, and Zoho Inventory for end-to-end project and client management.

WORK EXPERIENCE

Project Associate — Hydroponics & Urban Farming

Mar 2026 – Present

Growloc Pvt. Ltd., Pune

- Generate qualified leads and build client trust by articulating hydroponic system value propositions from first contact.
- Lead site assessments, project planning, and budgeting; configure optimal hydroponic system design to match each client's technical and spatial requirements.
- Prepare and finalize project quotations, balancing client budget with technical scope.
- Direct and coordinate the installation service team through execution planning, on-site delivery, and quality control.
- Own end-to-end project execution and documentation using Zoho CRM, Zoho Books, and Zoho Inventory, resolving on-site customer change requests and technical issues in real time.
- Track project timelines and budget allocation to ensure on-schedule, on-budget delivery.
- Deliver after-sales agronomic support and lead project handover and hands-on training for clients on system operation.
- Author comprehensive project reports capturing execution outcomes and recommendations.

Sales Executive — B2B & HORECA (Exotic Vegetables)

Sept 2025 – Mar 2026

Growloc Pvt. Ltd., Pune

- Built and managed B2B relationships with established retail accounts, driving fresh exotic vegetable sales across India.
- Generated leads and onboarded new B2B and HORECA clients, expanding the customer base beyond the local region.
- Oversaw packaging, sorting, and grading operations, improvising processes to maintain consistent product quality.

Advisory & Sales Intern

Mar 2025 – Sept 2025

Vaksana Crop Science Pvt. Ltd., Pune

- Advised farmers on safe, effective pesticide and insecticide application, recommending crop-specific, stage-based dosages.
- Supported improved crop health and yield outcomes through proper input usage and timely field guidance.
